**INSTRUCTIONS FOR NOTICE OF TRANSFER
FOR AN ONSITE WASTEWATER TREATMENT FACILITY**

OVERVIEW OF REQUIREMENTS AND PROCESS

Any person selling or transferring ownership of a property served by an onsite wastewater treatment facility (including a conventional septic tank system or alternative onsite wastewater treatment facility) must retain a qualified Inspector to inspect the facility within six months prior to transferring ownership of the property (Arizona Administrative Code, A.A.C. R18-9-A316). Typically, such an inspection is triggered by the resale of a home by an owner.

The requirement to have the onsite wastewater treatment facility inspected within six months prior to property transfer is a provision of Arizona rule, and takes precedence over any conflicting terms that may exist in any contract pertaining to the property transfer.

A person shall not use a cesspool for sewage disposal (per Arizona Administrative Code, A.A.C. R18-9-A309(A)(4)). Do not use this form to transfer a cesspool.

WHAT IS REQUIRED TO TRANSFER OWNERSHIP OF MY ONSITE FACILITY?

An inspector that is qualified under A.A.C. R18-9-A316, must complete a *Report of Inspection* form and provide it to the seller as required by the Code. Any significant amount of waste must also be pumped from each tank. If there is more than one onsite system in use on the property, the Inspector shall complete a *Report of Inspection* form for each system.

Before the transfer date (closing date) of the property, the seller shall provide the buyer with the completed *Report of Inspection* form and any other documents they may have in their possession that relate to the permitting or operation and maintenance of the septic tank system or alternative onsite wastewater treatment facility.

Within 15 calendar days after the date of property transfer, the Buyer shall submit a completed *Notice of Transfer* form for the change of ownership, and file it with Maricopa County Environmental Services Department.

A qualified inspector will have available a current *Report of Inspection* form.
