Accessing the Public Dust Control Permit Database

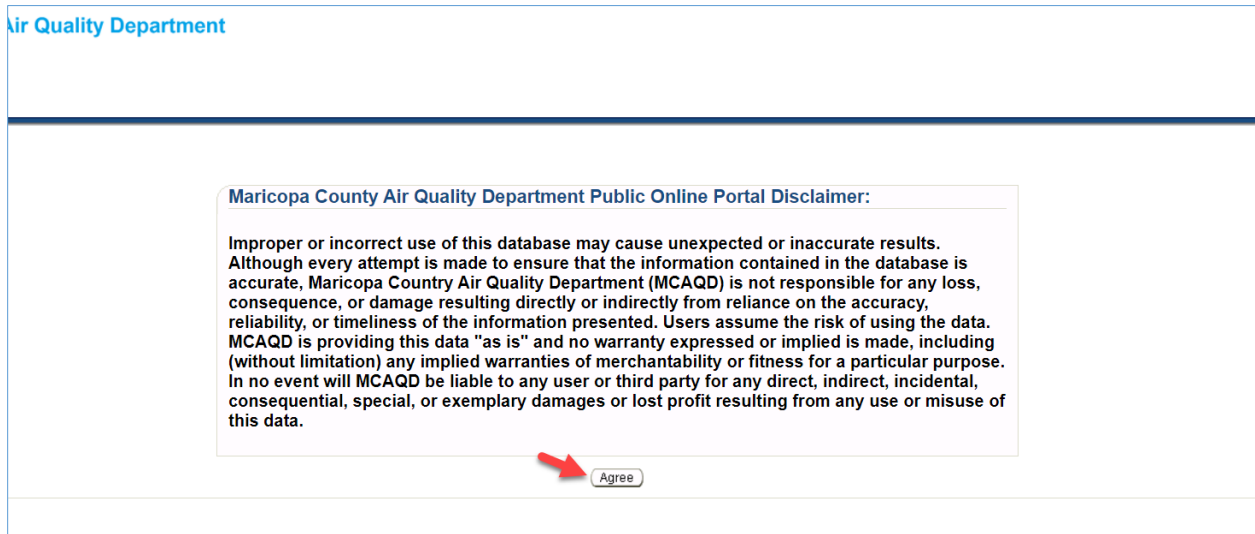

How to Search the Dust and Miscellaneous Portal

Maricopa County Air Quality Department

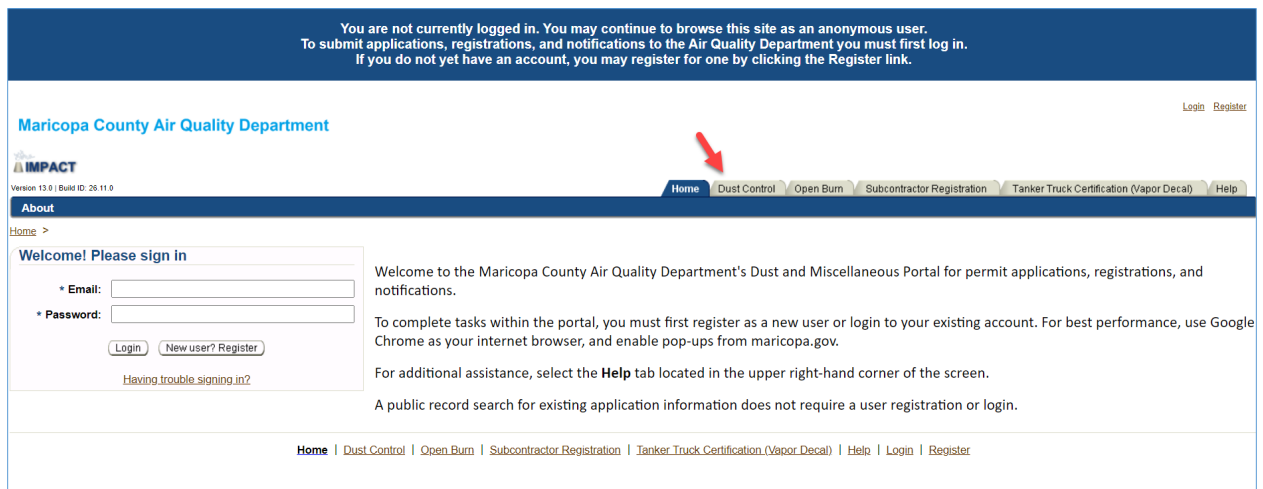

October 2022

Accessing the Public Dust Control Permit Database

Using Google Chrome, access the [Dust and Miscellaneous Portal](#). After reviewing the disclaimer, select **Agree**.

Next, select **Dust Control**. A public record search for existing application information does not require a user registration or login.

Now you will be on the Dust Application Search page. From here, you will be able to search for submitted dust control permits by using the provided search criteria. If you do not know all the information, you can use the % or * sign in front or behind the known information to expand the search. See examples below each search box. Select **Submit** to proceed.
